

## FINANCIAL INTERMEDIATION FOR INTERNATIONAL LABOR MOBILITY

### 1. Who We Are

At **Grupo Si Global S.A.S.**, we specialize in acting as financial intermediaries to secure the necessary funding for our applicants to travel and take advantage of international job opportunities. Our commitment is to ensure that initial relocation costs do not become a barrier for qualified talent seeking to expand their professional horizons.

### 2. Our Value Proposition

We serve as the bridge between migrant workers and accessible financial solutions designed to facilitate their labor mobility in international markets. We collaborate with banks, credit organizations, and other financial providers to offer financing options with fair and transparent conditions.

#### Key Benefits:

- **Guaranteed Access to Financing** – We work with financial institutions that provide accessible credit for migrant workers.
- **Fair and Transparent Conditions** – We ensure that financial terms are clear and equitable for our applicants.
- **Personalized Financial Guidance** – We provide financial advice and support in planning financing to ensure applicants' economic sustainability.
- **Elimination of Economic Barriers** – We facilitate access to employment abroad without relocation costs becoming an obstacle.
- **Collaboration with Banks and Financial Institutions** – We establish strategic partnerships with institutions that understand the needs of international workers.

### 3. Objectives

- Facilitate access to financing for international labor mobility.
- Reduce economic barriers that limit access to job opportunities abroad.
- Provide comprehensive financial advisory services to ensure applicants' economic stability.
