

COMMERCIAL PORTFOLIO

Mediation for International Job Offers

We are Grupo Si Global S.A.S., a company specializing in international labor mediation, connecting talent with legitimate and secure opportunities in global markets. We stand out for ensuring transparent processes, in line with the current regulations of each country, with a comprehensive approach to the evaluation of candidates and employers.

Our service is distinguished by its detailed and rigorous approach to the selection and verification of both candidates and employers, guaranteeing safe job opportunities aligned with the professional expectations of our applicants.

Benefits

- **Personalized Interviews:** Exhaustive evaluation of skills, experience, and aspirations for a better job fit.
- **Comprehensive Personnel Evaluation:** Employer validation and legal compliance of job offers.
- **Psychological Testing:** Use of psychometric tools to assess aptitudes and competencies.
- **Thorough Judicial Investigation:** Legal background checks for both candidates and employers.
- **Cost Reduction:** By hiring us, international companies optimize their resources by avoiding lengthy and costly selection processes, ensuring the right talent from the start.

OUR SERVICES

Recruitment and Selection

- Identification and evaluation of suitable candidates for overseas positions.
- Structured interviews and compatibility assessment with the employer.
- Filtering of profiles based on specific requirements of the hiring company.

Psychological Evaluations and Competencies

- Application of psychometric tests to validate emotional stability, cognitive skills, and role compatibility.

- Analysis of soft and technical skills to ensure cultural fit in the new work environment.

Verification and Security

- Judicial investigation and background check to avoid legal risks.
- Verification of employers to ensure the legality of job offers.
- Assistance with document validation and immigration processes.

Benefits for Our International Clients

- **Employers:** We ensure efficient selection processes with candidates who have been previously evaluated and filtered.
- **Candidates:** We facilitate access to legitimate job offers with comprehensive support throughout the process.
- **Legality and Security:** All processes are aligned with international regulations, reducing risks for both employees and employers.
- **Cost and Time Reduction:** We optimize talent selection, avoiding losses from poor hiring decisions and reducing operational costs in recruitment processes.

We have helped various international companies incorporate talent through agile and effective selection processes. Our methodology has ensured a high satisfaction rate among both employers and employees, guaranteeing successful labor integration.
